“What is Healthcare Compliance and Why is it Important?”

Tuesday, March 19th

8:30 a.m., Walsh College, Troy

In a highly regulated, high-risk industry like healthcare, compliance is especially important.

Healthcare compliance is the process of following rules, regulations, and laws that relate to healthcare practices.

Compliance in healthcare can cover a wide variety of practices and observe internal and external rules. But most healthcare compliance issues relate to patient safety, the privacy of patient information, and billing practices.

Our speaker will present some of the various areas that a healthcare practice must address to stay current.

Speaker: Kathy Jo Uecker, CMPE, EFPM, NCP, CPC, COC, CHSPA, CHSA, Uecker Consulting, LLC

Cost: Complimentary to OCMS members and their staff, includes breakfast
