**RECOGNIZING THE SIGNS.**  
**FINDING SOLUTIONS.**  
**LEAVING WITH HOPE.**

Access multidisciplinary SOLUTIONS to the greatest drug crisis this country has ever seen. Please join nationally recognized speaker and former judge Jodi Debbrecht Switalski, and a compendium of other experts including representatives from psychiatry, recovery, medical, law enforcement/criminal justice, substance-use disorder specialists and more. Topics include systems change in the school, community, therapeutic justice initiatives, understanding the impact and outcomes that work.

You will be inspired. You will be more than informed on best practices, evidence-based research and proven systems of change. Most important, you will leave with concrete steps so that each of us, in all walks of life, personally, professionally, in our communities, churches, workplaces and more, can truly impact this growing crisis – maybe even save a life. Together, we truly can “Be the Change,” but we must all “Do Something.”
