If this pandemic has taught us anything, it's the importance of flexibility. Businesses must be nimble in order to quickly adapt to the ever-changing regulations and best practices surrounding the Coronavirus. Keeping your workplace safe AND operational is no small feat, but practice managers are making it happen. Let Oakland County Medical Society assist in this effort.

Join HR expert Jodi Schafer of HRM Services, for a one-hour Q&A on all things COVID. Jodi will cover common questions regarding FFCRA, post-travel quarantine policies, unemployment implications, employee exposure/testing strategies and anything else you want to throw her way. This interactive session is meant to provide you with meaningful guidance in these uncertain times, so be sure to sign up today!
